

Guillemates 2024/25

Thanks to feedback from our first year of the Guillemates initiative, we have made some changes for our 2024/25 round:

Colonies

Guillemates will be assigned a colony.

2-3 mentees to 1 mentor.

A Seabird Group rep will attend the first meeting to explain the objectives of the Guillemates and answer any other questions.

Population meet-ups

In addition to colony meetings, we will be organising Guillemate-wide talks on relevant topics.

If you have any other questions, please email our ECR rep Jacqui at ecr@seabirdgroup.org.uk

Mentors

Mentors can be mid-career onwards.

Mentors will receive a starter pack with session ideas and other materials.

Depending on mentor availability, there may be an opportunity for mentors to also be a mentee.

Timeline: Mentor sign-up: 22nd September Mentee sign-up: 29th September
